

SSF-MWM-SPLIT-WL-E4 Installation

Wall Mount Patch & Splice Fiber Enclosure

FEATURES

- Accommodates up to 4 SSF™ LGX compatible adapter plates or MTP modules
- Split door with lock
- Cable management securing points

DESCRIPTION

This wall mount fiber distribution unit supports patching and splicing in one unit. The enclosure has 4 adapter panel positions, allowing a wide variety of fiber connector types. Two compartments separate the network terminations from the distribution terminations. The unit has two outer doors with a key lock.

INSTALLATION

The SSF-MWM-SPLIT-WL-E4 is designed for indoor installation. It can accept up to four SSF™ adapter plates.

1. Select a vertical indoor wall surface with easy access and adequate clearance from other fixtures and power circuits. Installation location should be near a suitable earth ground.

2. Utilize a plywood backer board or fastener anchors as appropriate to the install surface.
3. Mark and install appropriate wall hanging hardware and secure the unit.
