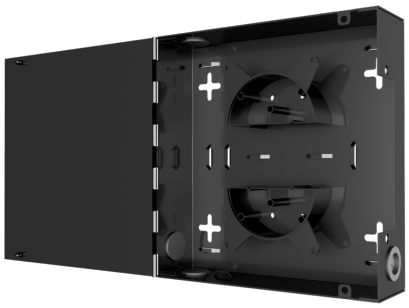
Wall Metal Enclosures
SSF-SWM-SOLID-NL-E1

Cleerline™ Wall Metal Enclosure units are designed to support patching and splicing in one unit. The enclosure has 1 adapter plate position, allowing for a wide variety of fiber termination connector types.

The enclosure will house inline adapters, pigtails and splice sleeves.

This enclosure features a 3/4” knockout for maximum installation flexibility. The enclosure is fastened via secure plunger-and-grommet type closures.



Enclosures are sold empty
