

Cleerline™ wall mount fiber distribution units are designed to support patching and splicing in one unit. The enclosure has 2 adapter plates positions, allowing for a wide variety of fiber termination connector types. Two compartments separate the network terminations from the distribution terminations, and the unit has a double outer door with key lock.

FEATURES AND BENEFITS

- Accommodates up to 2 Cleerline™ adapter plates
- LGX-118 compatible adapter plates or MPO modules
- Cable entry tie down points
- Double door with key lock
- Top or bottom cable entry
- Compliant with NEMA-2 Standards
